

Congratulations

on the adoption or purchase of your new best friend!

As an added value, we would like you to have a **free pet exam** at East Lancaster Animal Hospital.

The doctor there will examine your new dog or cat and all major systems, including:

- Coat & Skin
- Eyes
- Ears
- Nose & Throat
- Teeth & Gums
- Heart
- Lungs
- Abdomen
- Gastrointestinal
- Urinary
- Central Nervous System

They'll answer any questions you may have about the care and feeding of your new family member and give you tips about how to best care for him or her.

This service is absolutely, 100% free. We want you to have as many happy years with your new family member as possible.

Call East Lancaster at **817-332-1595** to arrange for your free exam today.

You must get the exam within 30 days of adoption (or purchase) to get it free – after that, it'll be at the usual rate of \$37 for office visit and exam.

Not available with any other offer.

1824 E. Lancaster Ave. Fort Worth, TX 76103

(At the corner of Riverside and East Lancaster, between the car dealership and the Humane Society.)
